

PUBLIC NOTICE

The Baltimore City Department of Public Works, in coordination with W.R. Grace Curtis Bay Works, is accepting public review and comments for a request to issue an Administrative Waiver¹ to the requirements of the City Code for a sewer line improvement project at their Curtis Bay site.

Notice is hereby given that the public is invited to comment on the request by W.R. Grace, for an Administrative Waiver to the requirements of the City Code which will allow the sewer line improvement project to be governed by the provisions of Division II, as reflected on May 4, 2009. This project is eligible for an Administrative Waiver since it received Preliminary Project Approval on or before May 4, 2010. The Preliminary Project Approval was granted on April 29, 2010. Comments on the request for the Administrative Waiver must be received by 4:30 pm on August 27, 2010, to ensure consideration by the Department.

W.R. Grace is proposing to replace approximately 750 feet of 12 inch terracotta sewer piping with 24 inch HDPE piping. The new piping will include 3 new HDPE manholes and an HDPE receiving basin that will receive liquid from an existing pumping station. The new piping will be placed approximately 4 feet below existing grade.

¹ As pertains to the Baltimore City Stormwater Ordinance and Guidelines

In order to meet the 2010 Baltimore City SWM Ordinance requirements for the proposed improvements, an Administrative Waiver must be granted by the Department that will allow the project to proceed in accordance with the stormwater regulations that existed prior to May 4, 2010.
